

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ROI DE SUÈDE ET DE NORVÈGE

TRÈS HUMBLEMENT.

Sire,

**La munificence de Votre Majesté m'a mis à même de
visiter les rives du Nil et d'y continuer mes études sur la
langue et les antiquités de l'Égypte.**

Si mes recherches ont eu quelque succès, je les dois
à Votre Majesté; un sentiment de vive gratitude m'a donc
porté à aspirer à l'honneur d'en dédier les résultats au
Souverain qui a daigné encourager mes efforts.

Je suis avec respect

PRÉFACE.

L'ouvrage que-j'ai l'honneur d'offrir aujourd'hui aux savants est un fruit de mes voyages pendant plusieurs années. J'ai visité les musées de Boulaq, de Paris, de Londres, de Leide, de Turin, de Berlin, de Vienne, de Naples, de Rome, de Florence, de Munich, de Liverpool et de Stockholm, et partout j'ai copié les listes généalogiques qui se trouvent sur les stèles et sur les autres monuments Égyptiens. De même j'ai pris, pour procurer les matériaux aussi complets que possible, les listes qui se trouvent sur les monuments déjà publiés, par exemple dans: „Lepsius, Denkmäler aus Aegypten und Aethiopien,“ dans: „S. Reinisch, die ägyptischen Denkmäler in Miramar“ &cet. J'espère encore pouvoir ajouter dans une appendice les inscriptions des monuments Égyptiens de Copenhague, de St. Pétersbourg et peut-être de New-York, et alors j'aurai épuisé presque toutes les collections Égyptiennes, excepté quelques unes de peu d'étendue qui se trouvent dispersées en différents endroits. J'avais un double but: d'abord de recueillir les matériaux d'un dictionnaire de noms Égyptiens, à coup sûr pas complet, mais au moins aussi complet que possible: puis d'utiliser les listes généalogiques pour

la chronologie Égyptienne, ainsi que l'a montré M. le Vic. E. de Rougé dans son excellent mémoire sur les monuments des six premières dynasties Égyptiennes.¹ et ainsi que j'en ai donné une preuve dans mon mémoire sur la 22^{ème} dynastie, inséré dans la Revue archéologique². Il était nécessaire pour ce double but d'arranger les listes tant en ordre généalogique qu'en ordre alphabétique. Aussi j'ai essayé dans l'ordre généalogique de suivre le fil chronologique, une règle à laquelle il n'a pas toujours été bien facile de satisfaire et contre la quelle je regrette d'avoir péché moi-même (No. 257—259, pag. 84).

On a très bien dit qu'il n'est pas toujours prudent d'accepter sans examen les renseignements généalogiques qui nous sont accidentellement fournis. Il est donc nécessaire de recueillir, s'il est possible, toutes les inscriptions sur les monuments généalogiques, afin que l'examen puisse se faire avec plus de sûreté. On ne peut pas se fier seulement sur un de ces monuments, il faut en avoir plusieurs pour pouvoir comparer et vérifier les uns sur les autres.

Je n'ose espérer que j'aie toujours justement lu et coplé les titres et les noms dans des inscriptions souvent fort endommagées. C'est surtout à l'égard de celles qui se trouvent au Louvre et dans le musée de Turin que j'ai le plus de doute.³ Mais je prie les savants de vouloir

pardonner les défauts, inséparables peut-être d'un ouvrage qui est le premier en son genre. Pour une seconde édition on pourra profiter de leurs observations.

J'ai partout cité l'endroit où les monuments se trouvent avec les indications, lettre et numéro, affichées, dont les dernières quelquefois manquent, mais seulement dans les cas, qu'elles manquent sur les monuments. Pour que l'investigateur puisse plus facilement retrouver mes numéros dans les musées, je citerai les ouvrages descriptifs des musées que j'ai eus sous les yeux et qui m'ont guidé dans mes citations :

1. Notice des principaux monuments exposés dans les galeries provisoires du Musée d'antiquités Égyptiennes de S. A. le Vice-Roi à Boulaq par Aug. Mariette-Bey. Deuxième édition revue et augmentée. Alexandrie 1868.¹

2. Notice sommaire des Monuments Égyptiens exposés dans les galeries du Louvre par le Vicomte Emm. de Rougé. 2^e édition. Paris 1860.

3. Description raisonnée des Monumens Égyptiens du Musée d'antiquités des Pays-Bas à Leide, par Le Dr. C. Leemans. Leide 1840.

4. Catalogo illustrato dei Monumenti Egizii del R. Museo di Torino compilato dal Professore Pier-Camillo Orcurti. Sale al quarto piano. Torino, 1855.

5. Uebersichtliche Erklärung ägyptischer Denkmäler des Königl. neuen Museums zu Berlin, von Heinr. Brugsch. Berlin 1850.

6. Indication succincte des Monuments Égyptiens du Musée de Florence par le conservateur A. M. Migliarini. Florence 1859.

¹ Quelque fois les numéros affichés ne s'accordent pas avec les numéros de la Notice. Dans ce cas j'ai toujours cité les premiers.
